The Home Nursing Agency Foundation is a nonprofit community benefit organization whose purpose is to provide financial and advisory support to create, improve or enhance the programs and services of Home Nursing Agency that ultimately results in a benefit to the individual, family and our community.

Welcome Phil Freeman, Agency President

Home Nursing Agency welcomes Phil Freeman of Cresson as the new President after the retirement of Robert Packer in December 2014.

Phil served as Chief Operating Officer since 2011 and has more than 28 years of leadership experience in operations, finance and human resources, primarily with Sheetz, Inc. A graduate of Saint Vincent College in Latrobe, Phil and his wife Shealia have three children: Taylor (20), Erin (16) and Christopher (14).

"I am honored to assume the role of President, following a legacy of strong leadership which built Home Nursing Agency into one of the elite 500 home health care providers in the country," Phil says. "I hope to continue expanding delivery of first-class, post-acute products and services by our team of passionate and caring professionals."

Phil is working to align Home Nursing Agency resources as part of the world-class care of UPMC, as HNA is a UPMC Community Provider Services company.

"The rate of change in healthcare is profound," Phil shares. "Being a UPMC company helps secure the future of Home Nursing Agency's long-standing mission to the community through enhanced operational efficiencies, new models of care and additional business development opportunities."

Home Nursing Agency Home Health was named to the Top 500 of the 2014 HomeCare Elite™, a recognition of the top-performing home health agencies in the United States. Home Nursing Agency's team has earned a place in the HomeCare Elite list for nine years straight. Janie Christner, Vice President of Home Health, credits the Agency's ability to achieve this recognition to exceptional, individualized patient care designed to ensure each patient achieves his/her maximum potential; comprehensive education program for clinicians and an interdisciplinary, collaborative approach to patient care.

Home Nursing Agency Private Duty Home Care has been recognized with Home Care Pulse's "Best of Home Care" distinction for the third straight year. Home Nursing Agency's program is the only non-medical home care provider in the area to earn this national award. "We are extremely proud to recognize our staff and their efforts to help us achieve the Best of Home Care again in 2015," says Bill McManus, Vice President of Private Duty Home Care and Home Health Resource. "Our team is committed to working with clients, caregivers and healthcare providers to develop individualized person-centered plans that provide the best quality non-medical home care services in Central Pennsylvania."

GIVING *purpose*

HIS PASSION BECAME HIS PURPOSE

Norman Little of Waynesboro thought his life in retirement would be smooth sailing.

And it was for many years as he tinkered with his boyhood passion for anything Titanic, including building a 15-foot navigable model. But then the ship that he built and loves so much took him on a very different journey – one he never imagined taking and one that he will never give up.

“I never dreamed that it would be like this,” said the retired National Institutes of Health manager whose job was to design, develop and maintain medical research instruments. “This is filling a hole in my heart.”

Norm spent ten years building the replica and housed it in his garage. Neighbors tipped off the local newspaper and soon he was offered a museum exhibit at the Discovery Station in Hagerstown including his expansive Titanic memorabilia.

The backyard-to-museum story is still a great adventure for Norm. He gives tours to schoolchildren and Titanic buffs, but it was the illness and passing of his oldest son, David, in April 2013 that gave this shipbuilder's passion a new purpose – taking Titanic on the road to educate others and support Home Nursing Agency Hospice, which cared for his son.

Today, he dons a custom tailored captain's suit to portray the Titanic commander and travels with a Molly Brown suitcase and smaller Titanic replica. He continues to lecture about the ‘ship that couldn't sink’ but purposely adds a final chapter to the ill-fated voyage's legacy – his personal journey with hospice.

“People ask me all the time how I got involved in hospice, and I tell them my story,” he said. “Through my passion for the Titanic, I want others to learn what hospice is about and what they have done for us and what they could do to help others.”

“This is filling a hole in my heart.”

“David was David,” he said with a smile of his 60-year-old son who passed away from colon cancer. “He wanted to be in his own home. He wasn't married, and I lived 80 miles away from him, and so did his brother and sister. Finally, I said we ‘have to do something’, and we were referred to Home Nursing Agency Hospice. It was an education for me and my family because I didn't know anything about hospice. I thought hospice was about psychological not physical help. Only after David, that I saw what they did and how they helped.”

“They took over my son's life; the caseworker, nurse and pastor visited several times a week,” he said of the Agency's Hospice staff. “He was

comfortable because of their care and that is all that we wanted. Hospice is in every community, and there are hospice nurses who are unsung heroes in every neighborhood.”

After his son was in the Agency's Hospice program for three months and then at Casey House, a hospice residence, for the last two weeks of his life, Norm realized he could honor David's memory and help hospice through his love for the Titanic.

For the past year, in addition to the goodwill offerings he receives for speaking, he also donates proceeds from the sale of his new book *Navigating the Waters of My Dreams* to the hospice cause.

“For the rest of my life I will not touch a cent of it,” he said. “That way I know my son can rest in peace. This is for all the people who helped him and for all the families that are touched by cancer.”

He added, “Like the Titanic, there is a mystique about hospice. I want to tell Titanic's story, hospice's story and my story – all which will honor David.”

You can visit the Discovery Station Titanic exhibit at: discoverystation.org.

DID YOU KNOW that hospice care is not for just the last few hours or days of life? “The earlier we can get in to see the patient, the better off it is,” explains Kathy Baker, Director of Hospice. “It helps us to get to know the patient and their family, develop a relationship and really get to know what that patient's needs are so we can help them through the process.”

WHO can enroll in hospice? **WHEN?** At any time during a life-limiting illness, it is appropriate to discuss all of a person's care options, including hospice. If you are concerned about a loved one, talk with his/her physician about hospice eligibility, or call us at **1.800.445.6262** to set up a one-time assessment at no charge by one of our experienced nurses. If eligible, care can begin immediately to focus on the patient's quality of life by managing symptoms and fulfilling life goals. The patient's caregiver also benefits from education, support and respite.

GIVING *recognition*

“GRATITUDE IS THE HEART’S MEMORY”

Melanie Hindinger is known as many things - a mom, a wife, a nurse. However, the one special title that is bestowed upon her by many of her patients is that of ‘an Angel.’

One of those patients was Jim Luciano of Altoona, who, along with his wife Rita, was happy to have received in-home care to assist him in recovering from an illness. Melanie was part of the team that helped Jim return to health and get back on his feet in the comfort of his own home. Jim and Rita can’t say enough about the wonderful care he received from Melanie and her fellow co-workers. “She makes me laugh, she is so funny!” Jim says of his ‘Angel.’

Sometimes, someone special is there, at just the right time...

Often appreciative Home Nursing Agency patients and families, like Jim and Rita, wish to give something back to recognize their caregivers. The Home Nursing Agency Foundation’s Grateful Angel program encourages this recognition while supporting the future work of the Agency’s programs.

Pictured below from left are nurse Melanie Hindinger, RN, with James and Rita Luciano of Altoona.

WHAT IS HOME HEALTH?

Home Health offers care when an injury, chronic illness or surgery affects the quality of life. Care from our professional team of nurses, therapists, home health aides and specialists is available wherever you call home. If you or a loved one needs home health care, call us 24 hours a day, 7 days a week at **1.800.445.6262**.

AWARD-WINNING EMPLOYEES

HOME NURSING AGENCY’S 2014 EMPLOYEE AWARD WINNERS

Each year Home Nursing Agency recognizes outstanding employees and volunteers who go above and beyond to deliver the highest quality of customer service. In 2014, we were privileged to honor the following people with awards recognizing their dedication and service (pictured from left with former President Robert Packer, second from right):

Ted Hildebrand - Volunteer of the Year Award

A retired United States Army nurse and dedicated member of the Bedford County Hospice team, Ted goes “above and beyond” as a volunteer in several roles. He energizes others, reminding them, “It should all be about the patient. The few hours, days and months that he or she has with us must count.”

Betty Shankle - Hands & Hearts Award

With 13 years of service as a Hospice Home Health Aide primarily in Bedford County, Betty is willing to serve wherever and however needed with an upbeat attitude. Her coworkers share that “her care to the patients is exceptional!”

Donna Hershel - Extra Effort Award

An RN/Case Manager on the Cambria County Hospice Team, Donna frequently makes visits beyond her normal “working hours” to assure patients and their families have the care and support they need. A

coworker shared that Donna is “a gift to her patients and families”.

Arlene Wojno - Spirit Award

A 20-year employee, Arlene has been described as the “consummate Nurse Home Visitor” for Blair County Nurse-Family Partnership® with caring, compassion, and professionalism rolled into one. She is an amazing mentor for teaching young mothers in difficult circumstances, and her clients know she is their advocate.

Diana Packech - Commitment to Community Award

As Director of Adult Behavioral Health Services, Diana is committed first to people and making sure they have the services they need. With two decades of service to the Agency, she is a true leader whose actions and attitude set the bar for her team members. Her service to others extends far beyond her role as HNA, as she is a member of the Mental Health Provider Association, serves as a Certified Teacher for Mental Health First Aid and is also a Certified Disaster Outreach and Referral Professional.

DIGNITY & RESPECT

Home Nursing Agency is proud to announce Dona Fitzgerald, Blair County CareGiver for the Agency’s Private Duty Home Care program, was chosen as the Dignity & Respect Award winner for the Community Provider Services division of UPMC.

UPMC recognized one person from each business unit as a recipient of the Dignity & Respect Award. From a workforce of more than 60,000, these 20 employees are champions who exceed expectations daily, helping to make UPMC a better place for all to work because of how they promote excellence in the workplace; model behavior that supports inclusion and treat others the way they want to be treated.

“Dona has truly made a difference in her clients’ lives,” shares Bill McManus, Vice-President of Private Duty Home Care and Home Health Resource. “Her caring and selflessness is an inspiration to us all.”

Pictured below is Dona at the Dignity & Respect Award Ceremony with Jennifer Romano, Care Supervisor.

Foundation Mission Grants have a face, a story, a purpose.

As a not-for-profit, community benefit organization, the Home Nursing Agency Foundation believes in helping individuals and families in our care and our communities. One way that is accomplished is the awarding of Foundation Mission Grants each year to programs and services that provide additional help to patients and families in need, support for those who have little or no resources, and necessary community programs that are offered free of charge.

The dollars that support Mission Grants come from contributions from individuals, businesses, local government, United Ways, grants and Agency fundraisers such as our signature event, Mercedes Moment.

Following are personal stories of how your financial support changed a life. **Your gifts really are at work!**

NURSE-FAMILY PARTNERSHIP® GRANT

Funding to help sustain the Nurse-Family Partnership program, an evidence-based community health program that transforms the lives of first-time mothers. Nurse-Family Partnership serves seven counties, providing care to 460 families each year.

A YOUNG FAMILY'S FUTURE

When Mariah found out she was pregnant at 17, she quit school and, with limited family support, she also left home.

Together with her boyfriend Travis, the young couple faced tremendous obstacles and had an uncertain future.

Mariah knew that they would need help as new parents and enrolled in Home Nursing Agency's Nurse-Family Partnership® program to get education and support. Her visits with Nurse Home Visitor Lynn Watt started with the basics.

"I was never around babies much before," Mariah shares. "It sounds silly, but she brought a baby doll, and we practiced changing diapers and everything." Lynn provided a solid foundation for Mariah and Travis as they gained confidence and prepared for the delivery of a healthy baby girl in December 2011.

Lynn continued to mentor the family until Adabelle turned two, offering guidance for Adabelle's well-being and encouragement for Mariah and Travis to create a solid future for their family.

"Whenever Lynn first started to come see me, I wasn't going to school and didn't have my life together at all," Mariah says. "And now, I have my GED, a job and my own apartment. Once Adabelle starts school, I am going to study nursing. Lynn truly inspired me, and I hope one day I can be as great of a nurse as she is!"

Mariah and Travis have become wonderful parents to Adabelle and are an example of how, with the support of the Home Nursing Agency Foundation, Nurse-Family Partnership is making a difference in our communities – one family at a time.

HOME HEALTH EMERGENCY GRANT

Emergency funding for life's basic necessities such as medications, nutritional supplements, bathing/safety aides, bedding and heat, for those receiving services in the home due to injury or illness.

PROVIDING VITAL MEDICATION

At 40 years old, Henry was admitted to the hospital with severe breathing issues. As a result of his illness and subsequent recovery time, he was unable to work and lost his job and ultimately his health insurance.

Without insurance, he could not afford his prescribed medications and tried to manage his condition on his own, causing three more hospitalizations. Your support through a Foundation Mission Grant was able to step in to pay for his medications until he was able to get enrolled into another health insurance plan that covered the cost. Having access to the medications he needed kept Henry out of the hospital and on his way to recovery.

Honor or Remember Someone You Love with a Tribute Gift

This heartfelt message was shared on the Lights of Love online tree as a tribute to Robert & Virginia Ewing, both HNA Hospice patients who passed away within six weeks of one another last year. When their marriage anniversary approached in January, some of their remaining family members turned their grief into action by choosing to make a tribute gift to the Home Nursing Agency Foundation.

This act of remembrance not only celebrated the lives and marriage of Robert and Virginia, but also extended their legacy by offering hope and help to others in their names.

HOW CAN YOU HELP?

- Make an outright donation by calling 1-855-GIVE-HNA, going online at www.homenursingagency.com or by mailing a donation to:
Home Nursing Agency Foundation
201 Chestnut Avenue
Altoona, PA 16601
- Consider remembering Home Nursing Agency in your will with a gift of a specific property, dollar amount or percentage of your estate.
- Volunteer to share your time and talents through hospice, the Healing Patch children's grief program, ACEL (Adult Center for Exceptional Learning) for individuals with intellectual and physical disabilities or other Agency programs/services. Learn more about volunteer opportunities by checking out our website at www.homenursingagency.com.

For more information about Ways You Can Help, please contact: Pam Seasoltz, Director of Development: 814-946-5411 ext. 2565 or pseasoltz@homenursingagency.com.

The official registration and financial information of Home Nursing Agency may be obtained from the Pennsylvania Department of State by calling toll-free, within Pennsylvania, 1-800-732-0999. Registration does not imply endorsement. If you would like to be removed from our mailing list please contact the Home Nursing Agency at 1-800-992-2554.

GIVING *direction*

MEET THE DOCTOR

Meet Dr. Amy Swindell, DO, HMDC Home Nursing Agency Hospice Medical Director, Huntingdon County

Born and raised in Huntingdon County and still living there, Dr. Swindell joined Home Nursing Agency in 2003 and is one of only six Hospice Medical Director Certified (HMDC) physicians in the state of Pennsylvania.

Q Why did you choose to become a Medical Director for HNA?

A My father was a patient of Home Nursing Agency Hospice prior to my becoming a Medical Director. He passed away from Multiple Myeloma. I wanted to be involved with a team of people who really looked after the well-being of the patient and the family in every respect.

Q What do you do as a Hospice Medical Director?

A I oversee the treatment plan for all Home Nursing Agency Hospice patients in Huntingdon County, as well as take over the Primary Care Physician (PCP) duties for any patients who do not have a PCP while in hospice.

Q How does your certification as Hospice Medical Director benefit patients/families?

A I believe that board certification and Hospice Medical Director Certification (HMDC) guarantee an expertise for the treatment of symptoms at the end of life. It also provides an expertise in providing options for patients who are facing life-limiting illnesses and assistance for decision-making that is unique for each individual and family.

Q What makes Home Nursing Agency unique as a service provider?

A Home Nursing Agency provides excellent care, hand delivered just as the commercials say. In Huntingdon County, Home Nursing Agency is part of the community. We are caring for our family, friends and neighbors!

Q Who has inspired you?

A So many people inspire me every day from my coworkers and team members to my patients. Everyone has a struggle and the fact that people get their head off the pillow and smile is an inspiration!

Q Why did you become a doctor?

A I believe God has a purpose for everyone, and for me my purpose was to become a doctor!

Q When you're not working, what do you like to do?

A I enjoy my family. God has blessed me with a devoted husband, Tim, and two children, Mikayla and Isaac. Additionally, I am lucky to still have my mom and both of my in-laws, who are all very much a part of our lives on a daily basis. And hockey – I love Penguins hockey!

WHATEVER YOUR NEED.
WHEREVER YOU CALL HOME.

Anyone Can Make a Referral. 24 Hours A Day, 7 Days A Week. 1.800.445.6262

GIVING *voice*

MENTAL HEALTH EXPRESSED THROUGH ART

Healing Art: Creativity Supports Mental and Emotional Well-Being

"How you climb a mountain is more important than reaching the top." -Author Yvon Chouinard

In the same way that the climb is more important than reaching the top, clients of Home Nursing Agency's art therapy program are focused more on the journey of healing through the creative process than the finished work of art. For the client whose works are pictured, art therapy became the outward expression of his inward walk through the darkness of mental health to discovering hope in the future.

As Home Nursing Agency Mental Health Counselor Trista Conway explains, "The creative process involved in artistic self-expression helps people to resolve conflicts and problems, develop interpersonal skills, manage behavior, reduce stress, increase self-esteem and self-awareness and achieve insight."

Supplies for healing art therapy are funded by a Home Nursing Agency Foundation Mission Grant, thanks to your generous support.

COMMUNITY GROUPS WORKING FOR THE FUTURE

"It takes a village to raise a child." - African proverb

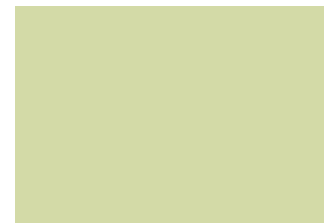

Thank you for being part of the village and investing in the future as we support children and their families!

Because of the support of individuals, community groups and organizations like these pictured, we are able to offer hope in the midst of difficult circumstances to children and their families through our children's programs including the Healing Patch children's grief program; Nurse-Family Partnership® program for first-time mothers; Women, Infants and Children (WIC) and various Children's Behavioral Health Services.

Above: Pictured from left are 2014 Patched Together planning committee members *Jordanna Gerraughty; Sue Richard; James Gerraughty; Allison Stockley, Healing Patch Manager; Rebecca Keefe; Kent Tonkin; Melissa Tonkin; Debra Welch; Sue LeCrone; Phil Freeman, HNA President; Melody Ray, HNA Volunteer Coordinator and Grief Specialist; and Nicole Fedeli-Turiano, UPMC Community Provider Services Director of Policy and Government Relations.*

The committee included many other members and helpers to bring the event to life. The planning committee for Patched Together recently presented \$19,000 to the Healing Patch from the 2014 event. Started in 2011, Patched Together was created by a passionate group of volunteers who want to ensure grieving children have access to the resources of the Healing Patch. Fueled by the volunteers' love of music and desire to showcase local talent for a great cause, Patched Together was born. Beyond raising funds for the Healing Patch, Patched Together also raises awareness about the prevalence of children's grief and the importance of supporting those children and their families. Patched Together has raised nearly \$50,000 since 2011.

H&R Block employees graciously donated various items for children served through Home Nursing Agency. Donations included winter coats and cold weather accessories for young children, as shown (top picture) by *Lisa Ritchey, Director of Nurse-Family Partnership®, and Diana Wallace, Director of Women, Infants and Children (WIC) program.* Employees also donated essential baby items for Nurse-Family Partnership families and many personal care items for children receiving Behavioral Health Services, as shown (bottom picture) with *Diane Yost representing H&R Block and Stephanie Gallagher, Team Manager, Children's Case Management.*

The 1st Annual Life O'Riley Memorial Ride raised \$3,166.50 for the Healing Patch in memory of Michael Patrick Riley, who passed away in April 2013 at age 34. "After the unexpected loss of my brother, I felt it was extremely important to turn our family's loss into something positive for others. My brother left behind three young daughters, and we feel the work of the Healing Patch is extremely important for our community," said Michael's sister, Nicole Riley Earhart.

Pictured above, from left are: *Mark Earhart, Nicole Riley Earhart, Kathryn Riley, Brandy Riley Gregg and Bernard Riley.* Also pictured at left are two of Michael's three daughters with his photo.

The Ward Foundation recently presented a \$5,000 donation to the Healing Patch. Pictured from left are *Andrea Ward, Ward family member; Michael Ward, Trustee of the Ward Foundation; Allison Stockley, Healing Patch Manager; Debra Yahner-Golby, Healing Patch family member and Kent Tonkin, Healing Patch volunteer.* Absent from the photo are *G. William Ward and William T. Ward, Ward Foundation Trustees.*

Spring 2015 | Issue 1

The Lee Initiatives Health and Wellness Endowment (LIHWE) invested \$15,000 in the Healing Patch and \$10,000 in Nurse-Family Partnership® last year. Pictured from left are *Lisa Ritchey, Director of Nurse-Family Partnership; Anita Faas, Lee Initiatives Executive Director and Allison Stockley, Healing Patch Manager.*

Inspired by the story of Batman's experience as a grieving child, Healing Patch volunteer Kent Tonkin, Saint Francis University and sponsor Yerty Auto Service brought the real life Batman, Lenny Robinson, to Central PA to share his message of resilience, determination and hope for BatFlash 2014. All money raised during BatFlash events at St. Francis was donated to the Healing Patch. Pictured above *Rod Yerty, from Yerty Auto Service, with grandchildren Jeremy and Emily Jones, present a check to the Healing Patch with Batman and Allison Stockley, Healing Patch Manager.*

GIVING *thanks*

EVERY DOLLAR MAKES A DIFFERENCE

DONORS REACH OUT TO HELP OTHERS

For more than 46 years, Home Nursing Agency has depended upon the generosity of community partners – individuals, businesses, local governments and organizations – to help ensure that our mission of providing care and services for those in need will continue.

Charitable dollars are necessary to help care for individuals and families who have limited resources; and support many of the Agency's community-valued services like the Healing Patch children's grief program and bereavement support groups for adults and families – both of which are offered free of charge.

Every dollar truly helps so many. Every gift truly has a story.

The following donations were received July 1, 2013 through June 30, 2014. We apologize for any errors or omissions to this list. Every effort is made to assure that proper information is recorded. Please call Carol Galioto at 1-800-992-2554 to make us aware of any corrections or changes.

Thank you to the following donors who have helped make a difference in the lives of our neighbors.

RECOVERING AT HOME

I didn't know I could get therapy at home after my knee replacement.

At 65 years old, Susan was scheduled for a total knee replacement and was planning her stay in a local rehab facility after the procedure. A few weeks before her surgery, she attended an educational presentation by Home Nursing Agency and learned that she could get therapy in the comfort of her own home. Susan changed her plans and went home the day after surgery, relying on Home Nursing Agency's team of therapists and nurses to help her regain strength and mobility. As she became more mobile and was able to leave home, Susan was discharged from Home Nursing Agency services and able to complete her rehabilitation with outpatient therapy.

"I would have spent weeks in a nursing home surrounded by people I didn't know," Susan shares. "With Home Nursing Agency, I was able to be in my own home with the support of my husband and family. My dog was great encouragement for me to get up and moving. Recovering at home was the right choice for me!"
